

XLD® L3

GET ALL THE BENEFITS OF MICHELIN®
RADIAL TIRE TECHNOLOGY!

With the XLD® L3, you will get:

- More bucket fill
- Easy handling with quick starts and stops
- Increased ground contact for unsurpassed traction
- Extra stability and operator comfort

THE TIRE OF CHOICE FOR:

LOADERS

GRADERS

The technologically advanced, low-profile Michelin® radial tire for small and medium loaders engineered to substantially increase productivity in moderately abrasive conditions.

Exceptional Performance:

- Excellent traction and flotation; outstanding stability; enhanced operator comfort; less vehicle damage

Excellent Productivity:

- Cooler operating temperatures, less susceptibility to damage from impacts and penetrations

Low Operating Costs:

- Long-lasting, even-wearing tread pattern; durable with low rolling resistance for efficient fuel economy; easy to repair

XLD® L3

10%* Greater Bucket Penetration Force to Increase Bucket Fill
 The low-profile design allows torque to transfer rim pull more effectively.

SIZE	TREAD DEPTH	
	32nds	MM
550/65R25 (20.5R25)	40	32
600/65R25 (20.5R25)	43	34
650/65R25 (23.5R25)	47	37
750/65R25 (26.5R25)	52	41
800/65R29 (30/65R29)	62	49

Easier Handling with Quicker Starts and Stops
 The revolutionary design reduces the moment of inertia by up to 20%*, allowing operators to accelerate faster with less effort.

Unsurpassed Gripping and Traction
 The larger, wider four-block self-cleaning tread design increases ground contact 8 to 12%*. With this design, coupled with long tread pattern edges, operators will benefit from maximized driving force and maneuverability.
